Risk Assessment – Stories on the Nature Reserve (Bear Hunt, Gruffalo, Stick Man, Traditional Tales)

Produced By:	C Nixon	Date of Issue:	11.2.19	Review Date:	1/9/19
--------------	---------	----------------	---------	--------------	--------

Operating Notes:

Supervision ratio is 1 instructor to 1 class plus one additional instructor nearby. There is no requirement for an additional adult. Instructor to be trained to in-house syllabus. Refresher training as directed by session observations. The school is responsible for grouping the pupils with a supervising adult.

Risk – Benefit Statement: The changing conditions and risks from prickly plants are all part of the wonder of nature. Learning to explore nature safely at a young age can bring long term benefits in wellbeing and a deeper understanding of natural science.

Hazard Description and activities giving rise to risk	Who may be harmed	Control Measures	Risk Rating
Injury with scissors, choking on craft materials Craft Activity in Classroom		<ul style="list-style-type: none"> Appropriate scissors and craft equipment will be provided Pupils will be instructed to walk with care around the classroom 	low
Slips, trips, falls. Public & dogs Walking on the reserve	Participants	<ul style="list-style-type: none"> Instructor leads the way, pupils walk behind, with member of staff at end of line Pupils told not to talk to public Pupils told not to stroke dogs, we stand still & wait for owner to put dog on lead Groups of pupils assigned an adult to stay in sight of at all times Pupils warned of hazards: rabbit holes, open water, nettles, gorse and 	low
